Smart Art WPC WOOD PRODUCTS

**Our Wood-Plastic Composites (WPCs) contents
70% wood fiber and 30% PVC**

Waterproof

Water absorption less than 1%

Low flame-spread

Highly resistant to rot

Natural wood color finish

Environmentally friendly

FAST INSTALL

Light weights, easy-to-install, cuts, fastens,
and paints easily & less maintenance

Smart Art's WPC panels offers the end
user the look and feel of solid wood with
lasting wood feel and colour.

For as long as most of us remember, wood has mostly been the preferred choice of material for Interior and exterior decoration and protection of our homes. It was easily obtainable and mostly very cost effective.

Suspended Ceiling Series

Our suspended ceiling system can directly attach to most of flat surfaces and frame.

Or to make it suspendable.

Where to apply

- Internal ceiling decoration
- External ceiling decoration
- Space divide

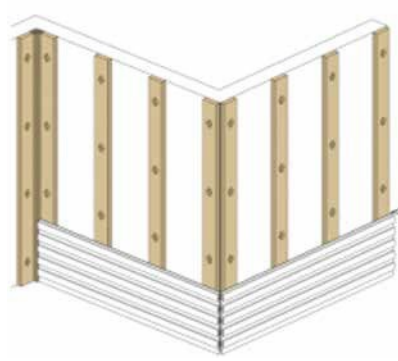

Wall Panel Series

Can directly attach to most of flat surfaces and frame. For uneven surfaces we recommend to put packers first other than attach directly.

Where to apply

- Wall decoration
- Ceiling decoration
- Space divide
- Object wrapping

Tube Series

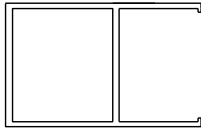

Light weight timber looking hollow tube. Easy to cut and join, using bracket, connector and glue for fitting.

Where to apply

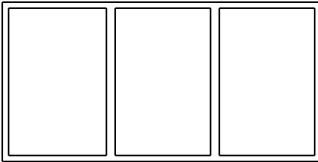

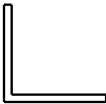

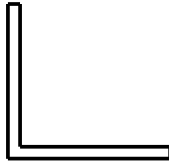

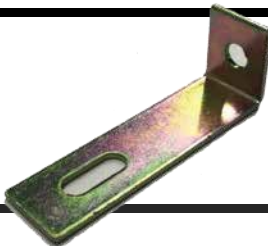

- Wall decoration
- Ceiling decoration
- Space divide
- Signage board
- Object wrapping
